

DECK THE HALLS WITH DOGS OF CONSTRUCTION

Rebuild a Dog's Life This Holiday Season

We already know that dogs have a special place in our homes, but in construction, many builders actually find their best project partners in their pets, with paws and work gloves often working side-by-side. PlanGrid has been fortunate to be able to be a part of many new buildings' stories. But this holiday season, we also want to help build lives for potential future project partners who are loved by construction workers around the world.

In the spirit of giving, PlanGrid is partnering with Rescue Rebuild to encourage others in the construction industry, and beyond, to help rebuild lives for pets who aren't as lucky as the ones in our homes and sites. For this project, your donations will help transform Escambia County Animal Shelter in Pensacola Florida from a city "pound" to a positive family friendly adoption center.

To give you a little extra holiday cheer this year, take a moment to enjoy our picks for the top 12 dogs on jobsites around the world. **Bonus, if you want to see these hard working pups all year long, donate \$25 or more to receive a special 2018 dogs in construction calendar.**
